Good morning Earl,

We are again at day 90. There has been little progress getting the first set of Non-Order SNURs out and so there is no update on the timeline to get your Non-Order SNUR out. I am emailing to see if you would grant another 15 days suspension on the review period? If your business units urgency to get this PMN finalized has changed, give me a call at 202-564-4322 and we can look into alternative regulatory actions.

Thanks,  
Kendra

Good morning Earl,

We're at the latest day 90 again. The first set of non-order SNURs has still not been posted and, so, the timeline for publishing your non-order SNUR is still indefinite. If you have any questions or if your business's needs have changed and there is a greater urgency for getting this on the market, give me a call (202-564-4322). Otherwise, am I able to add a 15 day suspension onto the review period?

Thanks,  
Kendra

Good morning Earl,

As of today, upper management is still working on the first group of non-order SNURs. So, we are still looking at an indefinite amount of time before your SNUR is published. We are also at day 90 again and, so, I was hoping to get a 15 day suspension on the PMNs review period?

Let me know when you get a chance and I hope you have a nice weekend.

Kendra
